NOTED:
 PRES: _____
 EXEC VP: _____
 SECY: _____

 To File _____

February 6, 2014

Louis M. Atkins
 President
 National Association of Postal Supervisors
 1727 King Street Suite 400
 Alexandria, VA 22314-2753

Dear Louis:

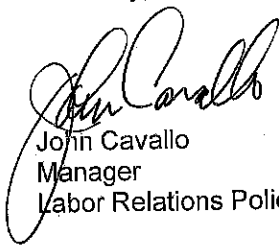

As you know, the Postal Service has decided to postpone indefinitely closure of installations on the list for such action in 2014. As a result, field management is being advised to initiate steps to post and fill vacancies in those installations.

Such vacancies will be posted for applications from nonbargaining employees in a Limited Area of Consideration (LAC). This LAC will include impacted and non-impacted nonbargaining employees in the installation as well as impacted employees who accepted placement in other installations on or after September 21, 2013.

It is important to understand that since the Postal Service operates in a dynamic environment, this postponement does not preclude subsequent closure of any installation(s) in the event the Postal Service revisits this decision in the future.

Please contact me if you have questions concerning this matter.

Sincerely,

John Cavallo
 Manager
 Labor Relations Policy Administration
