NAPS EXECUTIVE VICE PRESIDENT
Website: IVAN4NAPS.ORG

Dear NAPS Branch President's,

It has been an honor to serve you by continuing to bring the much-needed teamwork and stability to NAPS Headquarters. As part of your Resident Officer team, working as your National Executive Vice President, we have seen my Leadership model of unity and inclusion lead our Association into the 21st century, thus enabling NAPS to engage an ever-evolving 21st Century Postal Service.

My pledge to you in 2014 was to be the change agent needed by bringing my engaging, inclusive and analytical brand of leadership to NAPS Headquarters. Since I came to NAPS headquarters, as your Executive Vice President, I have accomplished this.

As your Executive Vice President, I have continuously and tirelessly worked to move the legislative agenda of our association forward here are NAPS HQ. I have also helped enlarge the NAPS legislative footprint in Legislative home districts around the country with the help of your attendance at local events. The work being done here and in your local communities has helped put NAPS on the top of constituencies' pyramids around the country. There are essential duties of the Executive Vice President of NAPS, and I have fulfilled them with the integrity that I have made part of my leadership model.

Our Association has seen continuous record-breaking growth each year for the Supervisor Political Action Committee (SPAC) funds during my tenure as Executive Vice President. My passion partnered with your generosity has made our PAC strong, vibrate and impactful.

My engaging Leadership model will continue fighting for NAPS members who are running the day to day operations and achieving the mission of the Postal Service, which is service to the American people. I will continue to work inclusively with the other Resident Officers to accomplish this goal, using the same strengths that I've been developing for more than 29 years as an active NAPS advocate. My foundational principals will always be:

INTEGRITY – Firm adherence to a code of especially moral or artistic values; an unimpaired condition; the quality or state of being complete or undivided.

VISION – The act or power of imagination.

ACCOUNTABILITY – An obligation or willingness to accept responsibility or to account for one's actions.

INNOVATION – The introduction of something new: a new idea or method.

My pledge to you is that I will continually use these principles as my Leadership model to help our Association continue to Emerge, Achieve and Sustain into the future. I have committed myself to continue to serve the members of our Association in new and more dynamic ways.

I look forward to continuing my Leadership model as your Executive Vice President through Integrity, Vision Accountability, and Innovation. I thank you for your continued support.
